FRCS (ENT)

MESSAGE FROM THE PRESIDENT

Dear ladies, gentlemen and colleagues,

It is with great pleasure that I welcome you to this ENT conference, which as we all know, takes place under very difficult economic conditions in our country, it is therefore regretfully the last event organized by the present Council Board.

Our goal has been the continuous, lasting and high-quality information and education of our members and this workshop aims to fulfil this purpose.

I would like welcome to Cyprus our friends, eminent and distinguished colleagues from abroad, and I wish to them to have a pleasant stay on our beautiful island.

May the seminar will be crowned with success and we all become wiser from the seminar presentations.

Thanks to everyone who contributed to the co-ordination of this event and to our sponsors, who without their help, the realization of the event would be impossible.

Dr CHARALAMBOUS MICHAEL

14:15 - 15:00 Registration
